Abstract

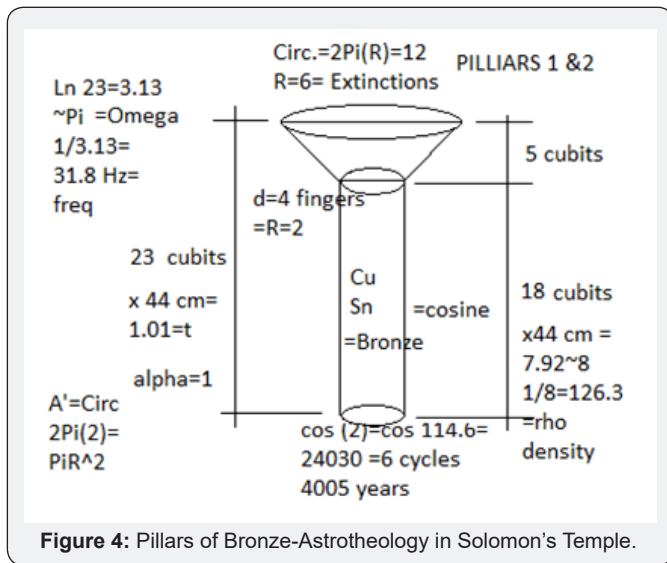

An investigation of the presence of Astrotheology Mathematics in the Bible was undertaken. It was found that his physical constants of Astrotheology Mathematical Phishes are built into the dimensions of Solomon's Temple. The Temple was, therefore built to honour the Orb -a glowing white sphere of light. It's important because it shows how much physics the ancient people knew, and how much they thought of the Orb.

Keywords: Solomon's Temple; Astrotheology; Mathematical physics; Phishes; Orb; Human Mind frequency; Superforce; Diameter; Energy; Velocity; Acceleration; Desert; Triangle; White Sphere

Introduction

As we investigate the presents of Astrotheology Mathematics in the Bible, we find in 1 Kings 6 that the dimensions in Solomon's Temple which contain all 11 variables from Astrotheology. We show here that the Temple appears to have been built in honour of the Orb -a white sphere of light -one cubit in diameter (Figures 1-4).

Velocity and Acceleration

For the 45-degree triangle, we have $\sin 45^\circ = \cos 45^\circ = v = a$

Dampened cosine Energy

$Y = e^{-t} \cos \theta$

$\theta = 58 \text{ degrees}$

$Y = e^{-1} \cos 58 \text{ degrees} = 1440 = \text{Energy}$

1440 [Exodus] -- 40 years in the desert -- 480 years = 1000 BCE.

Space = 480,000 (Figure 1).

Time

$t = 480 \text{ years}$ (1 Kings 6)

$\text{Space}/t = 100$

Month of Ziv (April, June), Means Light or Glow=ORB- A Glowing White Sphere.

1 Kings 6 6:36

$1/6.36 = \pi / 1.572 = \pi / 2$

Volume of an Orb = $4/3 \pi R^3$

$R = 1 \text{ cubit}$

$\text{Vol.} = 4/3 \pi / (\pi/2) = 8/3 = 2.667 = \text{Superforce}$

$4/3 \pi / (2\pi) = 6.67 = G \text{ Gravitational constant}$

$2.667 / (44 \text{ cm})^3 = 3.13 \sim \pi = 1/3.19$

$3.19 - 1/100 = 3.18 \text{ Hz Human Mind frequency}$

1 Kings 6:2

116.2 = Mass Periodic Table of the Elements Stable elements,

1 Kings 6:6

5 cubits; 6 cubits; 7 cubits

5,6,7

Destruction of Babylon in a single hour

8 years for Syrian War x 3 Days of Darkness x 24 hours / day = 576

2016AD - 576 = 1440

$576 - 567 = 9 = c^2$

The Sanctuary is 1 Kings 6:6. That is $1.66 = 1/6 = 60/360$

60 degrees is a critical angle in the Astrotheology Physics.

$\sin 60 \text{ degrees} = 0.666 = \sqrt{3}/2$

The Two Pillars: 1 KINGS 7:15

In the Temple, Solomon had made two pillars of bronze. The dimensions are given. They are illustrated in Figure 4. The Bible and the Hebrew Religion are built on Astrotheology Physics. The highest Worship centre has elements of that physics as shown.

Conclusion

The Ancient Hebrews knew Astrotheology mathematics, probably from their time in Egypt, and built the variables into Solomon's temple [1]. This Mathematical Physics may have gotten the Astrotheology mathematics from an Orb. The Temple may have been built in the Orb's honour.
